Reference: Ms Zuzana Gurtlerova

To whom it may concern.

I have known Ms Gurtlerova since September 2006 when I started having two Slovakian lessons a week with her. From the very beginning Zuzana has carried herself in a very professional and helpful manner. She is always well prepared for our lessons and manages to teach me in an informative and enjoyable way. She applies herself well to everything she does and it is down to her perseverance that I am now able to communicate with my Slovakian family, which I will always be very grateful to her for. From my observations Zuzana is a very conscientious and hard working individual who enjoys new challenges and opportunities to widen her knowledge and experience. Although I will be very sad to see her leave I believe she would be a very good asset to any school / business.

Best Regards
